HON. A. K. McCLURE, Philadelphia, Solicitor.

The Chinese Government having (through the Hon. Anson Burlingame) conceded to this Company the privilege of connecting the great seaports of the Empire by submarine electric telegraph cable, we propose commencing operations in China, and laying down a line of nine hundred miles at once, between the following ports, viz:

	Population.
Canton	1,000,000
Macoa	60,000
Hong-Kong	250,000
Swatow	200,000
Amoy	250,000
Foo-Chow	1,250,000
Wan-Chu	300,000
Ningpo	400,000
Hang Chean	1,200,000
Shanghai	1,000,000
Total	5,910,000

These ports have a foreign commerce of $900,000,000, and an enormous domestic trade, besides which we have the immense internal commerce of the Empire, radiating from these points, through its canals and navigable rivers.

The cable being laid, this company proposes erecting land lines, and establishing a speedy and trustworthy means of communication, which must command there, as everywhere else, the communications of the Government, of business, and of social life especially in China. She has no postal system, and her only means now of communicating information is by couriers on land, and by steamers on water.

The Western World knows that China is a very large country, in the main densely peopled; but few yet realize that she contains more than a third of the human race. The latest returns made to her central authorities for taxing purposes by the local magistrate make her population *Four hundred and Fourteen millions*, and this is more likely to be under than over the actual aggregate. Nearly all of these, who are over ten years old, not only can but do read and write. Her civilization is peculiar, but her literature is as extensive as that of Europe. China is a land of teachers and traders; and the latter are exceedingly quick to avail themselves of every proffered facility for procuring early information. It is observed in California that the Chinese make great use of the telegraph, though it there transmits messages in English alone. To-day great numbers of fleet steamers are owned by Chinese merchants, and used by them exclusively for the transmission of early intelligence. If the telegraph we propose connecting all their great seaports, were now in existence, it is believed that its business would pay the cost within the first two years of its successful operation, and would steadily increase thereafter

No enterprise commends itself as in a greater degree renumerative to capitalists, and to our whole people. It is of vast national importance commercially, politically and evangelically.

☞The stock of this Company has been unqualifiedly recommended to capitalists and business men, as a desirable investment by editorial articles in the New York *Herald, Tribune, World, Times, Post, Express, Independent*, and in the Philadelphia *North American, Press, Ledger, Inquirer, Age, Bulletin* and *Telegraph*.

Shares of this company, to a limited number, may be obtained at $50 each, $10 payable down, $15 on the 1st of November, and $25 payable in monthly instalments of $2.50 each, commencing December 1, 1868, on application to

DEMOCRATIC PLATFORM.

1. That the federal government is limited in power to the grants contained in the Federal Constitution; that the exercise of doubtful constitutional powers is dangerous to the stability of the government and the safety of the people, and the democratic party will never consent that the State of Pennsylvania shall surrender her great right of local self-government.

2. That the attempted ratification of the proposed fifteenth amendment to the Federal Constitution by the radical members of the last legislature, and their refusal to submit the same to a vote of the people, was a deliberate breach of their official duty and an outrage upon every citizen of the State, and the resolution making such ratification should be promptly repealed and the amendment submitted to the people at the polls for acceptance or rejection.

3. That the Democratic party of Pennsylvania is opposed to conferring upon the negro the right to vote, and we do emphatically deny that there is any right or power in Congress or elsewhere to impose negro suffrage upon the people of this State in opposition to their will.

4. That reform in the administration of the federal and State governments, and in the management of their financial affairs is imperatively demanded.

5. That the movements now being made for the amelioration of the condition of the laboring man has our most cordial co-operation.

6. That the legislation of the late republican Congress "outside of the Constitution," the disregard of the majority therein of the will of the people and sanctity of the ballot box, in the exclusion from their seats in Congress of representatives clearly elected, the establishment of military governments in States in the Union and the overthrow of all civil governments therein, are acts of tyranny and usurpation that tend directly to the destruction of all republican government and the creation of the worst forms of despotism.

7. That our soldiers and sailors, who carried the flag of our country to victory must be gratefully remembered, and all the guaranties given in their favor must be faithfully carried into execution.

8. Equal rights and protection for naturalized and native-born citizens at home and abroad; the assertion of American nationality which shall command the respect of foreign powers and furnish an example an encouragement to people struggling for national integrity, constitutional liberty and individual rights.

9. That the present internal revenue and taxing system of the general government is grossly unjust, and means ought at once to be adopted to cause a modification thereof.

The report was accepted and unanimously adopted.

A VILLAIN KILLED BY A DOG.

The Augusta (Ga,) *Chronicle* prints the following:

In one of the mountain counties of Georgia there live two families, each before the war noted for its wealth and refinement. One of them, the L's, consisted of Mr. L., a gentleman of fifty-five years of age, his wife, nearly the same age, and an unmarried daughter of about twenty-five. Within about a quarter of a mile of their house lived one of the R's, a young man who had recently married a very beautiful young lady of the country, and having left the paternal mansion, was farming by himself a small tract of ground. The two families lived some distance from the country town, in a sparsely inhabited section of the country, and being each the nearest neighbor of the other, were, of course, on terms of great intimacy. Between the young wife and the daughter of Mr. L. a friendship was soon formed.

A few days since, Mr. R. informed his wife that he had received a letter which would compel immediate attendance in Atlanta, where he would have to remain for several days. Feeling that she had a protecter in a large and very fierce yard-dog belonging to her husband, she took him into her bedroom, and, after securing the house, laid down and resigned herself to sleep.

About twelve o'clock she was awakened from her slumbers by a noise in the house and the angry growling of a dog, and discovered that the hall door had been forced, and that some one was standing at her room door seeking an entrance. Speaking as loudly as her fright would let her, Mrs. R. asked, "Who is there?" A man's voice which she did not recognize, replied by telling her to "open the door." Again she asked the same question, and again received the same reply, the stranger adding that if she refused he would break the door down. During this dialogue, the dog still growling, crouched upon the floor, as if ready to spring. Thinking to intimidate this man, who sought her ruin, Mrs. R. cried out to him that if he forced the door she would shoot him.

Laughing scornfully, the ruffian threw his weight against the light door, burst it open and entered the room—when, quick as thought, the savage dog sprang forward and fastened on his neck. The man, astonished at the sudden attack, attempted to kill the dog with a knife, which he held in his hand, but unsuccessfully, and the powerful animal dragged him to the ground, still retaining hold upon his throat. Stunned at first by this unlooked for deliverance, the woman, in a few seconds, regained her presence of mind somewhat, ran screaming from the house, never stopping until she arrived at the place of the L's, where her cries soon aroused the family. Her tale was rapidly told, and the servants were preparing to go to the scene of danger, when suddenly Mr. L. was missed, and his wife almost on the instant, as if struck by a sudden presentiment, exclaimed, "Merciful God! it must be my husband." With a cry of horror, the party set forth and ran as fast to the house of Mrs. R. as the latter had run away from it a few minutes before. Arrived there, they found the man still lying on the floor and the dog still grasping his thraat. Beating him away from his prey, they found the suspicions of Mrs. L. but too correct. It was her husband; but the teeth of the dog had done their work, and he was dead.

A CHANCE FOR FREEDOM.

Within a few weeks from now will take place several important and decisive State elections, and a word to the people may be timely.

Upon these results will hang, not only the questions at local issue, of which the people in the respective States are themselves the best judges, but there will also be the vital questions that divide the two great political parties.

The Democracy are engaging in the canvass without a semblance of fear or discouragement.

The members of that grand old organization are increasing in number, spirit and confidence, while its enemies are disheartened, disgusted, dejected

Radicalism is on the defensive.

For many long years have they pushed the Democracy to the corner.

For many long years they have kept the Democracy constantly on the defensive, while it needed no defense.—It had a record clear and bright as the nood-day sky. It could point to that record as the record of the party that brought greatness, and power, and wealth to the American people and the American nation.

In contrast with this, how is the record of the Radical mob that during these late years has controlled the administration of the Government.

That record is a record of crime, of outrage, of destruction.

It is a record of imbecility, of ignorance.

It is a record of humiliation for the proud people of America, who saw their nation hurled from its high position of greatest among empires to a depth so low as to have heaped upon it the indignities, insults, and jeers of all the world.

It is a record that notes the destruction of our greatest wealth, and the enslaving of millions of toiling men, who were free under the liberal administration of the Democracy.

It is a record that has indicated gradual but most certain steps toward a monarchical form of government, to take the place of that built upon the bloody fields of the Revolution by WASHINGTON and JEFFERSON, and their compatriots, and under the wise administration of which America became great.

It is a record of despotism more accursed and damnable than any free people ever before endured.

It is a record of mobs that have murdered free American citizens.

It is a record of bastiles in which native and free-born Americans have been imprisoned without charge or trial, and who, after months of suffering, have been released without knowing for what they were incarcerated.

It is a record of times in which free speech was not permitted in this country, that had so long boasted of freedom; and when American newspapers were forbidden circulation in American mails.

It is a record of murder, and plunder, and outrage, when honest men were degraded beneath the heels of thieves, marauders, pimps and harlots.

Such is the record of the party that arrays itself in opposition to the Democracy, and which is the party that for ten years has had absolute control of the Fe leral Government, and which during that time has kept the Democracy in abeyance.

The picture is not good!

But the picture is not painted in other than true colors, and, to the disgrace of American history, is as incapable of being blotted out as the ocean itself.

And with all this record, this same demoralizing, destructive party comes forward and fawns to the people for further power.

At the ballot-box the people are supreme!

In office, the leaders are the despots!

Now is the time for the people to make terms; to insist upon their rights; to insist upon equal taxation; to insist upon an honest administration of the Government; to insist upon a return to the old times of Democracy.

Now the people may do it.

But wait until the demagogues are firmly fixed in office and they will laugh at your desires and demands, just as they have always done it since they have come into power.

Now the people are masters. They may do that which will free them from the yoke of Radical despotism.

Let them strike now!

If they care not to do it, let them look back over the dark years of war, and strife, and desolation that have hung so thick and black over this country. Let them remember who has done this, and then peer away into the future and watch the thick clouds still coming up—clouds certain to envelop us unless the people shall strike now, and strike effectively.—*Pomeroy's Democrat.*

THE man who was filled with emotion hasn't room for a dinner.

A QUEER OLD LADY.

One of the best writers in America makes a good picture of a popular old lady. Will our young readers tell us what her name is?

How different people appear at different times, as when we are sick or well, rejoicing or mourning, laughing or weeping. A few days since I met an old lady who nodded very familiarly to me, and yet I hesitated to call her by name, lest I should miscall it. She looked old, and yet young, soft and smiling, and yet wore stern frowns. She was fair in face, yet her hands were iron. It seemed as if the wind would blow her away, and yet she moved with the strength of an elephant.

"Why sir," said she, "you seem to stare at me, though you have seen me a thousand times before."

"That may be, madam, but I never saw you loaded down with all sorts of things. I am curious to know about them. Would it be rude to ask you a few questions?"

"Not at all. Ask away."

"Well, what are you going to do with those small, thin, ladies' shoes?"

"Why, make the ladies ware them, to be sure."

"Not this cold wet season? Why, I can hardly keep my feet warm in these thick, double-soled boots. I must have over-shoes. How can they wear such thin cold-catching shoes?"

"Oh, sir, I have only to bring them to them and the dear creatures put them on, and never hesitate a moment. They know me!"

"And those little half dresses hanging on your arm?"

"They are to put on little children in cold weather, or to walk out in—naked at the knees, naked at the neck, and hardly covering half the body. You can't think how eager parents are for these dresses."

"What have you in that little tin box?"

"Lozenges, sir; troches, hoar-hound candy,—things that always go with thin shoes and thin dresses. And this bright red box, sir, contains what is called conscience salve, which I always keep on hand to rub the conscience when any one sees they have done wrong in obeying me. It's in great demand sir, and a certain cure."

"What have you in that bundle, madam?"

"This? Why a few knick-knacks, which I sometimes distribute in Sabbath-schools, in the shape of dialogues, speeches—things to make people laugh and to prevent the schools from feeling too serious, or thinking too much about religion. You must understand, sir, that I continually have to attend church to regulate things there—to see that the bonnets are right, the rings are bright, and the dresses complete; yet religion itself I hate as poison! And here is a box of the finest—what shall I call it? It is a sort of wit and smartness which I deal out to preachers, with which they spice their sermons, and become popular. I sell them by the gross. They are growing in demand, and they are a real saving of conscience and head-ache. Warranted to keep in all climates- a kind of sensation powder."

"Pray madam what are those screws for?"

"Why, to pinch the feet and make them look small, without regard to corns or bunions. They can't wear those dear little shoes except they have these pinchers to go with them."

"And that great heap of books in your arms!"

"Those? They are the latest, most exciting, and the weakest, most silly novels. But I hand them out, and shake my head with a smile, and crowds read them."

"Well, madam, I am very inquisitive, I know, but I do want to know what you have in that great bag thrown over your shoulder?"

"A great variety of valuables, such things as 'late suppers,' in great demand, and which send people to the grave early, and thus make room for more. Here are 'late hours,' and 'late rising,' and all manner of hair-dressing, and expensive dressing—things that ladies must have, even if their husbands fail. Here are diamond pins and rings—just the things to stir up envy and create extravagance. Here are gold watches, cigars, meerchaum pipes, gold headed canes, eye-glasses, and all manner of things to suit all kinds of people. And I laugh and coax, and frown and command till I get them to wear and use them, and do just what I please. Now I have stopped to talk with you a few moments; don't you see what a crowd have gathered round me—low necks, thin shoes, muslin dresses, tight boots; some on crutches, some crouching, some breathing short, all crowding to get near me; and when I move you will see how they all run and rush and crowd after me. O, sir, I am the great power of the world. I rule kings and queens, beggars and philosophers. Don't you see?"

"Truly, madam, truly. And now may I ask you your name?"

"Name? Fashion, Sir; my name is Mrs. Prevailing Fashion! I thought everybody knew me."

AN AWKWARD POSITION.

Out in Missouri lives a Mrs. Hempdale, who has or had a daughter named Laura, who loved a man named Jack. This man Jack the old lady didn't like, butshe was informed by a neighbor that Jack and Laura had arranged a plan of elopement.

Her mind was quickly made up. She announced to Laura the next morning that she was going to Bellville on a visit to be gone for three days, and that she must be a good girl and not tear the house down when she was gone.

That night Jack knew of it, as he read the nice little note that bade him "come over and stay until mother comes home, and what a splendid time we will have," he smiled, knocked the ashes off his cigar, and resolved of course he would.

Jack went over, but there is no earthly use in our attempting to describe the delectable things he enjoyed; it was a sugar season at that plantation, sure.

Just before dusk, while Jack was running over full of the occasion, in rushes Laura's waiting woman with:

"Lor bress me, chil'n, ef yer ain't missus at de gate."

"My God, Dinah, what shall we do with Jack?"

"Pop him in de closet, Miss Laura," and Jack was popped in the closet in a twinkling.

In stocked the old lady, who sharply scrutinized the disconcerted and blushing countenance of Laura, felt sure that Jack had been there.

"Come here, Laura. Now you can't deceive me. That abominable Plaine has been here, and you and he have fixed upon a runaway match, to come off to-night; I know, you see."

Laura was silent, and the old lady continued.

"But you will find that your mother is no fool, and too sharp for you, my lady. Sooner than have you marry that miserable Jack Plaine, I'd see you laid in your grave. He's not going to squander my money, I assure you."

The old lady rose, and going to a clothes press, returned with several comforterss and a pillow.

Then walking up to the closet where Jack was concealed, she threw them in and said to Laura:

"Now march in here Miss, step along; I'll look out that you don't see that low-born mechanic this night."

Laura protested that she didn't want to, declaring that her mother might be sorry for it some day.

But, without paying any attention her mother gave her a push, shut the door, and locked it, put the key in her pocket and went to bed.

Early in the morning the old lady arose, and without waiting to dress, took the key from her pocket, and opened the closet door to bid Laura come forth, gazed wildly for a moment, and uttered a most piercing scream.

Recovering very rapidly, she started away from the door and called faintly to Laura.

"Laura, dear, go into the kitchen and see about breakfast."

Then presently:

"Jack, I say, Jack."

Jack came forth with a son-in-law looking air and answered:

"Well, madam what is it?"

"Do you know anything about a farm?" said she.

"Nothing to brag of, ma'am," said Jack humbly.

"Well, at any rate, Jack, I think that after breakfast you and Laura may as well go down to the city and get married, for I'm tired of watching you, that's a fact."

WORKINGMEN OF PENNSYLVANIA.

The Jacobin politicians and the Jacobin press of Pennsylvania are unitedly attempting to draw off the support of the workingmen from Hon. Asa Packer, the Democratic candidate for Governor, with the plea that he is a millionaire, and not a friend to the workingman.

Beware of such infamous falsehoods.

That Mr. Packer is a millionaire is true. He has accumulated a large fortune, and is accounted among the wealthiest men of the country.

That he is not a friend to the workingman is false, for Mr. Packer has not forgotten that he himself was once a laboring man, struggling and battling, for home and home ones, for the comforts and necessaries of life.

Mr. Packer was an early settler in Pennsylvania. With his own hands did he clear himself a place for a home, and with his own hands he made that home. Gradually, by earnest economy and by honest toil, he accumulated wealth. He invested his money in the improvements and enterprises that were going on around him, all of which gave employment to a large number of workingmen, and it came back to him in large dividends. In this way he prospered, and instead of stowing away his wealth in bonds, upon which working men are laboring to pay interest, he has it spread around in various manufacturing enterprises, where it may benefit the country in the way of productions, and where it can benefit the workingmen by giving them employment.

This is Asa Packer whom the Jacobins are shooting their large and small guns at, and this is the man who is to be the next Governor of Pennsylvania, for the yeomen of the Keystone State have gone to their work to win.

They are earnest in their fight!

They are not to conduct a defensive canvass with such an adversary as the party that elected Grant to the Presidency, and seeks again to make Geary Governor of Pennsylvania.

They advance with fixed bayonets!

They will push the enemy to the wall.

They will use the earnest and honest arguments of the man who loves his country and his rights; who loves justice and the law, against those who devote their all to the god of party.

It is the fight of the honest toiling men against the thieves and shoddyites.

It is the fight of truth against untruth.

It is the fight of honesty against corruption.

It is the fight of the people against the people's robbers.

And the people will win.

The Democrats of Pennsylvania are not to be trifled with in a contest that involves so much. They have chosen Hon. Asa Packer as their standard-bearer, and they will now make him their Governor.

FOR THE CAMPAIGN!

RALLY IN YOUR MIGHT!

Read, Think and Act!

Our appeal is to the intelligent, the candid and the independent. We ask only that people shall *understand* the issues before them, and that, understanding them, they reflect upon their duty in the premises and then discharge what they believe to be that duty when they come to cast their ballots. In order that the questions to be voted upon at the coming election, may be fairly and fully presented to the public, the BEDFORD GAZETTE will be furnished for the campaign, at the following low rates:

One copy	$0.50
Three copies	1.20
Five copies	1.75
Ten copies	3.00
Twenty copies	5.00

In all cases the cash must accompany the order. We respectfully ask the active men of our party to get up clubs for the campaign at every post-office in the county. In no other way can the good cause be more effectively supported than by the circulation of Democratic newspapers. It ought to be an easy matter to raise a club of twenty at any post office. Address MEYERS & MENGEL, Bedford, Pa.

GEARY'S PLATFORM.

Resolved, That we wholly approve the principles and policy of the administration of General Grant, and we heartily endorse every sentiment contained in his inaugural address, *and especially do hereby ratify and approve the late amendment to the Constitution of the United States proposed by Congress, known as the Fifteenth Amendment.—Radical Platform adopted at Philadelphia, June 24, 1869.—See Bedford Inquirer of July 2.*

OUR NOMINEES.

We place to-day at our mast head the names of Hon. Hiram Findlay, of Somerset, as our candidate for State Senator, and Hon. Joseph B. Noble, of Bedford and Capt. Thomas Sipe, of Fulton, as candidates for the Legislature. No better men could have been selected to lead the Democracy to victory.

HON. HIRAM FINDLAY, is a man whom the Democracy of Somerset delight to honor. His name was presented and his nomination urged on account of his sterling integrity and his peculiar fitness for the position to which the people of this district are sure to elect him in October next.

HON. JOSEPH B. NOBLE, one of the candidates for the Legislature, is one of nature's noblemen. His very name is a tower of strength in this county. Bedford county has, on more than one occasion, attested her appreciation of his worth by selecting him to fill important positions. And the same people will again rally in their might at the opportunity they now have of sending an honest man to the legislature.

CAPT. THOMAS SIPE, of Fulton, the other nominee, is a gallant soldier of the late war. He served with distinction in the 158th Regiment Pa. Volunteers, and is not only dearly beloved by his late comrades in arms, but by all who enjoyed the pleasure of his acquaintance. "Little Fulton" will roll up a majority for Captain Sipe that will astonish some people.

This district can and will be redeemed by the election of the above ticket. With such men as representatives at Harrisburg, the shameful corruption and bribery which now stalks about at noon-day, in all its hideousness, will find no resting place in the halls of legislation. Their very names are a shield against intrigue and corruption. Retrenchment and reform will find in them strong advocates, and honesty and integrity, manly defenders.

HON. ASA PACKER has done more for Pennsylvania and Pennsylvanians than a hundred Gearys would do in a hundred years. He has built railroads which bring millions of money annually into the State; he has founded and endowed Lehigh University, at a cost to himself of nearly a million of dollars, in order that the youth of the State might have greater facilities for education; and during the war he supported out of his own purse the families of hundreds of soldiers, and when his own employees who had enlisted returned home, he allowed them wages for the time they were absent the same as if they had continued at work. Is not such a man a good citizen, a true patriot, a Christian gentleman?

THE BOURBON'S.

The radical leaders are like the Bourbons; they forget nothing and learn nothing. They are forever looking back and going backward. They have no opinions on any subject unconnected with "loilty" or the late dreadful civil war. Even the negro suffrage question is treated by them as belonging to the results of the war, and not as a matter to be decided by the people according to their own judgment.—They do not look forward and see the danger which threatens the country, if those whom they have placed in power continue their wicked misrule, their shameful deceptions and their corrupt practices. They prefer to turn their vision backward, to picture again to their minds' eye the bloody and horrible scenes of the battle-field, and they hope to divert the attention of the people from matters which belong to the present and the future, by pointing to the retrospect on which alone they would have us look. But those Bourbons cannot again deceive the people, not even their own former political adherents, by the catch-words, "loyalty," "copperhead," &c. These belong to the dead past. They have no longer any significance. New questions have arisen, questions which had nothing to do with the prosecution of the war in any shape. These questions belong to the living present, and cannot be settled by raising the party cries of the past. The radical leaders are now striving to establish Negro Suffrage in Pennsylvania, without the consent of the people. In the Chicago Platform of last year it was specifically promised that *the people* should settle this question for themselves. Thus, it is shown that the radical leaders are guilty of trickery and deceit, that they have defrauded their own followers, as well as the masses of the people.—They pledged themselves in the Chicago Platform to do one thing, and they have done the very opposite.—Are they to go unpunished for this infamous treachery, because there was once a civil war in this country? Again, they have squandered the funds of the State, their Governor and Legislature are notoriously corrupt, and a *Ring* of gamblers in legislation rules the roost at Harrisburg. These are matters that enter into the present canvass. Was the blood that was shed in the late war, merely a sacrifice for the benefit of radical office-holders and office-hunters, so that they might with impunity cheat the people with broken Chicago Platforms, rob the Treasury and levy black mail in the halls of legislation? If so, there is some sense in the Bourbon cry of *The War! The War! The Past! The Past!* If not, then the men who utter this cry are knaves and those who regard it, fools.

ASA PACKER is by trade a house carpenter, and worked at the business many years. Having been a laboring man, a man who was not afraid nor ashamed to use his hands at honest labor, he appreciates the wants and necessities of laboring men, and is in full sympathy with every movement for the advancement of the interests of labor. For this reason, every farmer, mechanic and laborer, should vote for him, and thus aid in the amelioration of their own condition.

EVERY workingman in the Commonwealth has a direct interest in the election of Asa Packer. He is of the workingmen, and of course knows how to appreciate the wants of that worthy class. We are glad to know that this fact is fully appreciated, and that the honest toilers are preparing to give their friend and fellow worker their full support.

A MR. A. C. ILLYUS, of Lancaster county, has made oath that he received $712 as "paster and folder" in the legislature, though he did not perform a single day's labor for the State. That is the way the Seven Millions which it cost to carry on the State government during the first two years of Geary's administration, have gone.

TROUBLE, trouble, trouble in the Radical party everywhere. Three different Central Committees in New York, a bitter fight in Pennsylvania, the whole party in the South at daggers' points, and the party generally split up and shattered. So much for having no principle but plunder.

THE prospects of an overwhelming Democratic victory in this State, is very bright. That puffed up humbug, Geary, has been pretty well found out by the people. He will lose thousands of votes in his own party.

REGISTER! REGISTER! Go and look at the list of voters posted at the election house in your district, and see whether your name is on it. If not, call on the Assessor at once and have it put on.

COVODE writes privately to Forney: "Luke Sharp fer Copperhed frodes in feledelfe!"

A SENTER of interest—the successful man in Tennessee.

WHAT A LEADING RADICAL THINKS.—"What have we got for President?" WENDELL PHILLIPS inquires in the Anti-Slavery Standard, and he replies: "A jockey and seaside lounger; a restless boy, needing constantly to be amused, and so impatient of business that he can not stay at his post more than a week at a time. Five months in office, he has not yet given us an administration. But, posting a copying clerk here and there, to keep the machine in motion, he hurries off to idle a week at a watering-place, act Dummy at a monster show, or Helpless at a steamboat excursion. The Presidency must indeed be a sinecure, if, in such an hour as this, a man bred in camp and tanyard can properly discharge its duties three hundred miles from the Capital, in the intervals of the race course and the half-hours left after theatres and concerts."

What makes this severe is its truthfulness—a jocky and a seadside lounger. If this country can survive GRANT, we have confidence in its ability to stand anything short of an earthquake.

LAST year the radicals promised, in their Chicago Platform, on which Grant was elected President, that *The People* of the "Loyal States" should settle the suffrage question for themselves. Now they seek to force Negro Suffrage on the people of Pennsylvania, by rushing through the ratification of the Fifteenth Amendment, and refuse to let the people vote on it!—What perfidy is this! Was there ever any thing so bold and brazen as the treachery of the radical leaders in this matter? Meanwhile, it must be remembered that GEARY sent a message to the Legislature urging the prompt ratification of the Amendment by that body.

LUTZ, the "high toned "editor of a "God--and--morality" organ, says, "Pershing is but a fourth rate lawyer." The *Presbyterian Banner*, a religious paper, in speaking of the same individual says, "He is an able lawyer." Lutz is a bitter partizan and could not tell the truth about our candidates if he tried, while the editor of the *Banner* simply states a fact patent to the mind of every intelligent man in the State. You must stick a little closer to the text, Brother Lutz.

THE great "Alligator," Covode, has issued a little "supplementary" notice to Attorney General Brewster to walk out of Geary's cabinet. The "humbuggedest" wants Brewster to leave, but the latter respectfully declines, and stays. What a happy family is here on exhibition! The principal characters are Geary and Covode; the one a miserable tool and the other a babbling fool. Walk in and look at the animals!

THOMAS JEFFERSON, while President of the United States, made it a rule not to confer office upon any of his relatives. U. S. Grant makes it a rule not to appoint anybody but relatives. Jefferson refused all presents. Grant accepts all. The difference in the men can readily be seen by their conduct.

FROM all sections of the State come cheering reports in regard to the Democracy. The Packer spirit prevails immensely everywhere, while Geary stock has declined so fearfully that no Republican of any spirit pretends to advocate the claims of the Hero of Snickerville.

ASA PACKER was a carpenter, but Geary is a joiner: he has joined every society that has not black-balled him, and would have dove-tailed himself into the Women's Rights Association long ago if he could have obtained votes by the operation.

How much of the *Seven Millions* taken from the Treasury during the first two years of Geary's administration, was used to elect a radical U. S. Senator and a radical State Treasurer?

THE national debt has increased one hundred and fifteen millions of dollars since last November. This is a fact which no radical journal dares dispute.

THE majority for Governor SENTER in Tennessee is only 70,000.

A NEGRO orator named Lawton made a speech a St. Louis a short time since, in which he took the grounds of the superiority of the black over the white races, and declared that the day was not far distant when the negro would be the dictating race of the country. This African prophet only reiterated a well known dogma of the Radical party, who declare that the "negroes are better than the Irish and Dutch." Just now the Radical papers have partially forgotten their ebony *proteges*, and are exhausting all their spare energy and ability in establishing the superior points of the Chinese. The newly discovered race of men with tails are worthy of some consideration at the hands of the Radical journalists. They are clearly superior to white men in caudal arrangements. They can get a "tail holt" on these men, which ought to be a very safe one.

Boutwell and the Arithmetical Clerk.

The correct sum of the public debt, August 1, 1869, was $2,662,000,000.—The following colloquy will show how it was figured down to $2,481,000,000:

Boutwell—Deduct 61,000,000 of 6 30 bonds loaned to the Pacific road. The debt, $2,481,000,000, is too high!

Clerk—Why deduct them? They are Government bonds, and as much a part of the debt as any other. But here goes. Deduct $61,000,000. Result, $2,601,000,000.

Boutwell—Not low enough. Deduct that $126,000,000 cash in the treasury.

Clerk—Why deduct that? This money is not available for the payment of the bonded debt. The law restricts the sinking fund to $25,000,000 a year. Besides, there are heavy cash payments awaiting to be made, and part of this money belongs to the Smithsonian and Indian Trust Funds. However as we only part with it on paper, here goes. Deduct $126,000,000. Result, $2,474,000,000.

Boutwell—Not low enough yet. Deduct the $27,000,000 bonds in the sinking fund, and the premium and interest on them.

Clerk—Of course you know this is as objectionable as any of the rest; but here goes. Deduct $27,000,000. Result $2,447,000,000.

Boutwell—now you have got too low. The people will not swallow so large a decrease. Add on the 34,000,000 of accrued interest.

Clerk—This is the sharpest trick of all. Well, here goes. Add $34,000,000. Result, $2,481,000,000.

Boutwell (musing)—Let me see; $2,481,000,000 will show a decrease since last month of $8,000,000. Yes, I think that will do. It shows a nice deduction, and the people will not take the trouble to ascertain what a fraud it is.

THE Democracy of the country are turning their eyes to the great struggle which is to take place in the two leading States of the Union, with most anxious solicitude. The key-note of the great campaign of 1872 will be given in the result of the conflicts in Pennsylvania and Ohio, between the cohorts of a wicked and corrupt party, utterly and irredeemably infamous, and the hosts of honest reformers, who take the field under the banner of the Constitution, and with the zeal and fire of true patriots. It would seem, after the experience of the past *nine* years, that the voters of Ohio and Pennsylvania should have their eyes open, and their brains clear to fairly see and understand the issues. It is political and social crime of the gravest kind, huge taxation, rotten finances, dying commerce, an increasing national debt, and a thieving and grossly extravagant administration on the one side, and it is official honesty, low taxes, a sound currency, a restored business, and an economical administration on the other. The result of the Ohio and the Pennsylvania elections will lead to one or the other of these great facts. Those States, in the hands of the Democracy, foretell a glorious Democratic sunrise upon the country in 1872.—It promises a redemption of general prosperity. Voters of Ohio and Pennsylvania, do your duty and all will be well.—*N. Y. Day-Book.*

THE *Presbyterian Banner* speaks in the following complimentary manner of the nominees of the Democratic party, for Governor and Judge of the Supreme Court:

"In 1865, Mr Packer founded at South Bethlehem, a scientific school, under Episcopal control, called the Lehigh University, and enclosed it with a tract of land fifty acres in extent, and with $500,000 in money, and it is believed he intends giving an additional $500,000, making one million of dollars. He is said to be a man of most exemplary private life, who dispenses his charities with a most liberal hand."

"Ever since Mr. Pershing was admitted to the bar he has resided in Johnstown, where he has met with complete success, and has always maintained the highest reputation for integrity and Christian character. He is an able lawyer. * * * He is an Elder in the Presbyterian Church of Johnstown, and Superintendent of its Sabbath School. For four years he occupied a prominent place in the Pennsylvania Legislature, and no tongue has dared to whisper the slightest intimation of corruption against him."

The harrassing cares of office are peculiarly exemplified in the person of President Grant. On the 10th he arrived in Washington, got the Cabinet together by proxy and otherwise, held an exhausting Cabinet meeeting which so completely shattered his susceptible constitution, that he found it necessary to repair on the 11th to the peaceful and quiet scenes of New York for relaxation and recuperation. The "fatigues" of office fall heavily on Ulysses. Whether the "fatigues" of Washington are more potent in their effects than the "fatigues" of New York or the watering places, is a question now, no doubt, receiving the careful consideration of the President's family physician. We believe that Dr. Holsten believes in administering plain *Schnapps*, while the President believes in mixtures. It is to be hoped that the State physicians will be able to bring the head of the government around in due time. In the meantime, let the President "swing around the circle," if his health is thereby saved from utter extinction. We hope that he won't get "discouraged."

BRIEF NEWS ITEMS.

Recent advices from Cuba affirm that the cause of the insurgents is in a highly encouraging condition. The operations of Generals Jordan and Quesada have been eminently successful, giving them possession of a large field of resources with several points on the coast. Valmaseda's movements of late have, on the contrary, resulted disastrously. The recognition of the insurgents, as belligerents, it is claimed would result in greatly expediting the achievement of Cuba's independence.

Early Wednesday morning of last week a gang of robbers entered the car of the Pacific Express Company on the New York Central Railroad between Albany and Fonda, overpowered the express messenger and baggageman, broke open the safes, appropriated the contents, and escaped with the booty unnoticed. The amount stolen is unknown, but it is believed to be very heavy. The messenger and baggageman were seriously injured, having been beaten with clubs and chloroformed. When released they were half dead.

Political curruption is again the hue and cry in San Francisco, and the state of affairs is compared to that of the days when reform was resorted to through the Vigilance Committee. Added to this infelictious situation of municipal matters, is the unpleasant fact that the money market is just now extremely stringent, and mining stock is completely demoralized.

ASA PACKER.—The Democratic candidate for Governor is the richest man in the Commonwealth. He is reputed to hold upwards of twenty millions of property. Nor did he acquire this fortune by trick or chicanery, but in legitimate and honorable ways. In his own town of Mauch Chunk the rumors of the street, which the rules of legal evidence esteem the best criterion of a man's character, do not implicate him as having made deceitful or otherwise discreditable gains.

He demonstrated, moreover, that he knows how to put money to higher uses than to personal or family gratification and aggrandizement. He has invested largely in public improvements and given princely sums for educational endowments.

In all these particulars he may well be taken as a model by all men into whose laps the wheel of fortune has poured abundantly. Self-possessed and suave, he has not been spoiled by his financial successes, but remains as plain and unpretending as when he wrought as a carpenter for daily wages. *Pittsburg Gazette.*

SPECIAL NOTICES.

Schenck's Pulmonic Syrup,

Seaweed Tonic and Mandrake Pills, will cure Consumption, Liver Complaint, and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work: then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall-bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care), that will unlock the gall-bladder and starts the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the Alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills, or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has Consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood: then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure consumption.

When there is no lung disease, and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billious complaints, as they are perfectly harmless

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompanying each, make it not absolutely necessary to personally see Dr. Schenck, unless the patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 35 Hanover Street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half-dozen. Mandrake Pills 25 cents a box. For sale by all druggists.

Our belles call a great many people to church these summer Sundays.

The fly's inhumanity to man makes countless thousands cuss!

A horse of Mr. Mock, one mile east of McConnellsburg, was stolen on the night of the 10th.

Letters patent have been issued to Rev. G. W. Berkstresser, of this place, for an improved butter churn.

The Radical Legislative Conference met here on last Friday, but for want of a quorum adjourned without making any nominations. The Radical candidates will adjourn after the October election, for the same reason.

IN TOWN.—Judge Findlay, Valentine Hay, A. T. Ankeny, J. P. Philson, and A. Dunham, Esqs., are in town attending the Senatorial and Legislative conferences. They are all capital "Frosty sons," and their faith in Democracy is unbounded. Prothonotary Robison, Dr. W. S. Wishart, James Wishart and Abner Hess, Esqs., represent "Little Fulton," and represent her well, too.

PERSONAL.—Bob Barker of the firm of Barker, Moore & Mein, successors to the well known firm of T. Morris Perot & Co., Phila., is in town, and intends to call on the merchants of this county generally. Bob is a capital fellow, and our business men can do no better than patronize the firm of which he is a member.

The new firm is selling the famous "First National White Lead," which has gained such a well known reputation.

IN MEMORIUM.—Mr. Thomas Saupp, formerly a typo of this office, died the other day in Kansas City, after a long and severe illness. Our young friend emigrated to the West shortly after serving his time in the GAZETTE office, and had succeeded, by untiring industry, in establishing himself in a lucrative business. But the grim monster, Death, sought him for a victim, and he has gone to "that bourne from whence no traveler e'er returns." We deeply sympathize with the widowed mother, brothers and sisters. Peace to his ashes!

RECIPE TO SAVE MONEY.—Don't buy on "tick," thus being tempted to buy more than you can pay for readily, and always "dead broke" after paying such debts off, but go to H. F. Irvine's boot, shoe, queensware, glassware, grocery and notion store, No. 2 Anderson's Row, where you can buy only for cash, and at much lower rates than when you buy on credit, you will be sure to save a considerable sum of money in the course of one year. Try it.

About eighteen years ago Isaac Martin and family emigrated to Michigan, leaving a son, Barnard Martin, in Southampton town, Bedford county. Since then they have not heard definitely from him. Any persons knowing of his whereabouts or what has become of him will confer a great favor upon his aged parents by communicating the same to Isaac Martin, Robisonville, Bedford county, Pa.

DUBLIN TOWNSHIP AHEAD.—*Biggest Snake of the Season.*—Our Dublin township correspondent sends us word that a young man by the name of Rush Benedict, residing in said township, some time since killed a black snake which measured 12 *feet* in length. We have noticed some of our exchanges bragging over what *they* called big snakes, but havn't seen anything to cope with the above. In Fulton county we think nothing of *such* snakes.—*Fulton Democrat.*

THE lady who took everybody's eye must have a lot of 'em.

SENATORIAL CONFERENCE.—The Democratic conferees of the Senatorial District, composed of the counties of Somerset, Bedford and Fulton, met at the Mengel House, in Bedford, on Tuesday, Aug. 17, and organized by the appointment of J. P. Philson, Esq., as President, and E. F. Kerr, Esq., as Secretary. The following conferees presented their credentials and were admitted to seats in the conference.

Somerset.—J. P. Philson, Valentine Hay and A. T. Ankeny.

Bedford.—O. E. Shannon, E. F. Kerr and J. McCleery.

Fulton.—Dr. H. S. Wishart, Abner Hess and James Wishart.

On motion, nominations for candidates for Senator were made, and the names of Hiram Findlay, of Somerset, J. W. Dickerson, of Bedford and Jamison Kelley, of Fulton, were placed in nomination.

After a number of ballots, Hiram Findlay, Esq., of Somerset, was unanimously declared to be the nominee.

LEGISLATIVE CONFERENCE.—The Democratic conferees of the Legislative district, composed of the counties of Somerset, Bedford and Fulton, met at the Mengel House, in Bedford, on Tuesday, Aug. 17, and organized by appointing Hon. James Burns, President, and Valentine Hay, Esq., Secretary. The following conferees were present.

Somerset—Valentine Hay, A. T. Ankeny and J. P. Philson.

Bedford—James Burns, John J. Cessna and H. P. Diehl.

Fulton—Dr. H. S. Wishart, Abner Hess and James Wishart.

The following candidates were placed in nomination: Samuel Walker, of Somerset, W. C. Schaeffer, of Bedford and Thomas Sipe of Fulton. After the first ballot the name of Samuel Walker was withdrawn by Mr. Hay, and Judge Burns presented the following letter of declination from W. C. Schaeffer, Esq., which was read and ordered to be incorporated in the proceedings:

BEDFORD, PA., Aug. 17, 1869.

To the Democratic Conferees of Bedford, Fulton and Somerset Counties:

GENTLEMEN:—I respectfully withdraw my name for nomination for the Legislature and suggest the name of Hon. Joseph B. Noble, a gentleman of sterling integrity and a faithful democrat.

I shall ever gratefully remember the kindness of my friends in presenting my name, and assure them I shall never cease to feel a deep interest in the success of the gallant Democracy of Bedford county.

Very Truly, Yours,
W. C. SCHAEFFER.

The nominations of Hon. Joseph B. Noble and Captain Thomas Sipe were then made unanimous. On motion the conference adjourned.

$5.00 REWARD.—The above reward, we understand, has been offered by the political friends of John Cessna for any information that will lead to the discovery of the little fellow. Their uneasiness has been caused by the failure of the late Radical County Convention to mention the catamountain member in their resolutions. They seem to have lost sight of him altogether. And though lost to sight, he is not to memory dear. Poor lost John!

P. S.—Five dollars is as much as they consider John worth. If the finder wants more, he can keep his secret to himself.—*Chambersburg Valley Spirit.*

DISTRESSING ACCIDENT.—On yesterday week, a very sad accident happened in Licking Creek township, which cast a gloom over the whole neighborhood. Two young men, sons of Mr. Frank Sipes, of said township, were engaged in hauling bark and in coming down a hill, the younger, a lad about 11 years of age, was walking beside the wagon, and it is supposed slipped and fell, when the wagon passed over his head crushing it in and killing the boy instantly. The elder brother, aged about 19 years, was driving and did not know anything of the accident until he had gone some distance when he looked back and saw his brother lying in the road dead.—*Fulton Democrat.*

RIOT.—Juliana street was the scene of a sanguinary conflict between the two races, on Monday last. The weapons, offensive and defensive, were stones, and these missiles were thrown around with a recklessness that made it unsafe to be within "stones throw" of the belligerent parties. A few bloody heads, terrible curses—loud and deep—and no little excitement, and the affair wound up. We are sorry to state that a little boy came near being made an innocent victim by a stray stone. He was severely cut about the face.

The riot commenced near Harris' corner, but as there are so many conflicting stories as to how it originated, we withhold comment. We would merely suggest, however, that throwing stones on one of our thoroughfares is by no means a healthful recreation, and should not be indulged in by any one. If exercise of that kind is needed, base ball is much better, and even that often results in bone bruising.

S. T.—1860—X.—The unprecedented and extraordinary demand for Plantation Bitters is evidently owig to their being prepared with pure St. Croix Rum, Calisaya Bark, &c. Our druggists complain that it is almost impossible to keep a supply, and that their orders, owning to the great demand, are but tardily executed. Do not become discouraged. Be sure and get the genuine.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

A BOOZY fellow was observed the other day driving a "porker," holding on to his tail, and when asked what he was doing, replied that he was "studying gehog-raphy."

The biggest man in Indiana is David Buskirk, who lives in Monroe county. He is about seven feet high and weighs 300 pounds.

It is estimated that 5,000 acres of flax were sown in Minnesota this year.—One man in Austin has two hundred acres.

We have received a copy of the General and Special Pennsylvania Road Law, a book just issued by Col. F. C. Hooton, District Attorney of Chester County. The book gives a short statement of the method of obtaining a new road. It gives the power and authority of Road Jurors; the duties of Supervisors under the General and Special Laws, and the duties of Road Contractors. Every Supervisor, Justice of the Peace, Road Contractor and Surveyor, should have a copy. Every man accustomed to serve upon Road Juries, and every man interested in knowing just what the law of the road is, should have a copy. Upon sending fifty-four cents to George F. Worrall, West Chester, Pa., Book Seller and Publisher, a copy of the book will be sent to any address free of postage.

BRAINARD'S MUSICAL WORLD for August comes promptly to hand, and is as interesting and instructive as usual. Besides a large amonnt of beautiful new music, it contains entertaining musical reading, sketches, stories, news, gossip, and valuable hints for musicians. Published monthly at $1.00 per annum. Elegant premiums are given for clubs. Send ten cents to the publishers, S. Brainard & Sons, Cleveland, O., and you will receive specimen copies by return mail.

THE LADY'S FRIEND FOR SEPTEMBER.—A handsome steel engraving of Portia, the heroine of "The Merchant of Venice," opens the September number of this charming periodical. This is followed by the usual large and brilliant Fashion Plate, by an appropriate engraving of a Picnic, and by engravings of children's Fashions, Young Lady's Toilet, Mantelet, Headdresses, Bodice, Corsage, &c. The literary matter is all of the most interesting and entertaining character. Published by Deacon & Peterson, 319 Walnut Street, Philadelphia, at $2.50 a year.

NOW IS THE ACCEPTED TIME.—The yellow slip of paper pasted on each subscriber's GAZETTE contains his name and a date. The date indicates from what time he owes us for the paper, and as our terms are $2 in advance and $2.50 if not paid within the year, he knows exactly how much to remit us. Come forward, friends, just now is the accepted time, and send at once the amount you owe us and you will receive the printer's blessing. We stand greatly in need of the money you owe us, as we must pay our paper bills, &c., in cash, (and they are not small like the bills due us for the paper), and unless our patrons pay us punctually, we must borrow the money to enable us to send them the GAZETTE.—Come, roll in, tumble in, and don't be afraid to pay the printer, especially you who are indebted to us from '1aug65,' '13oct65,' '1aug66,' '1aug67,' and other 'ancient' dates.

An archeological investigation of the country around Gettysburg, conducted by a learned antiquarian, has proved the truth of a belief long entertained by residents that the battle field of Gettysburg had, in the distant past, been the scene of a bloody struggle between the Indians or some unknown or long extinct race. This fact is attested by the exhumation of the military implements of the combatants and the remains of the dead in what is known as the Indian field, about a mile southwest of Round Top and of the National Cemetery. These relics are found thickly imbedded in the soil over the whole area of territory which was the scene of the battles in 1863. They consist of stone arrow-heads, battle axes, war clubs, shields, &c. Some of them have been disinterred from their tomb of centuries and placed on exibition in the college for the present.

A hugh landslide occurred near Stockport, in Columbia county, New York, on Monday of last week. The earth caved to a distance of eighty feet, and the surface moved six hundred feet, carrying trees and fences with it, and leaving them upright and in good order on their new site. Some of the weaker trees were snapped or twisted. The movement occupied half an hour, being very gradual, and no noise was heard until the mass struck the base of a hill with a crash like thunder. A fissure deep beyond sounding has appeared near the sunken portion of land, and fears are entertained that another slide may occur. Thousands of people have visited the scene of the phenomenon, and great excitement exists in Stockport.

At a little place called Heathville, in Northumberland county, Va., last week, a riot occurred between whites and blacks, in the course of which a negro was killed by a sailor. The latter was put in jail, but the white people rescued him at night, and so Canby has sent a detachment of soldiers to the place.

Two horses in Jones county, Iowa, were cured of rattlesnake bites by the external application of turpentine and salt to the affected places, and by drenching with a decoction of snakeweed and whisky.

LET EVERY MAN, WOMAN AND CHILD
READ THIS!
Their own interests are at stake in this matter. Everybody has suffered so much from the accursed CREDIT SYSTEM, if system it can be called, that I intend to offer to everybody a panacea for the evil in the future.
On and after the first day of June, 1869, I will sell goods EXCLUSIVELY FOR CASH OR PRODUCE. No doubt some customers may be lost to me, but I flatter myself that it will be only those from whom I cannot collect present accounts.
All goods will be sold at about one-half the profit now pa'd by consumers. The people often complain of Bedford prices being higher than elsewhere, and it is doubtless true, to some extent, for the reason that good customers have had to pay for others' goods with an additional profit on their own.
Let an intelligent community sustain me in this enterprise and they WILL SAVE FROM TEN TO FIFTEEN PER CENT. ON EVERYTHING THEY CONSUME.
may14m3 H. F. IRVINE.

NOTICE.—All accounts not settled by the first day of June, 1869, either by cash or note, will be put in the hands of an officer for collection. Friends will please take notice, and by so doing will save trouble and costs.

OUR NEW FAMILY SEWING MACHINE.

The superior merits of the "Singer" Machines over all others, for either Family use or Manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellences is no longer considered necessary.

OUR NEW FAMILY MACHINE,

which has been brought to perfection regardless of time, labor, or expense, is now confidently presented to the public as incomparably the Best Sewing Machine in existence. The machine in question is Simple, Compact, Durable and Beautiful. It is quiet, light running, and

CAPABLE OF PERFORMING A RANGE AND VARIETY OF WORK

never before attempted upon a single Machine,—using either SILK, TWIST, LINEN OR COTTON THREAD, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for Hemming, Braiding, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are Novel and Practical, and have been invented and adjusted especially for this Machine.

New designs of the Unique, Useful, and Popular Folding Tops and Cabinet Cases, peculiar to the Machines manufactured by this Company, have been prepared for enclosing the new Machine.

A faint idea, however, can at best be conveyed through the medium of a (necessarily) limited advertisement; and we therefore urge every person in quest of a Sewing Machine, by all means to examine and test, if they can possibly do so, all the leading rival Machines before making a purchase. A selection can then be made understandingly. Branches or agencies for supplying the "Singer" Machines will be found in nearly every city and town throughout the civilized world, where Machines will be cheerfully exhibited, and any information promptly furnished. MIDDLETON'S

WONDERFUL PAIN CURE

A sure remedy for Rheumatism, Neuralgia, Lumbago, Growing Pains, Sprains, Bruises, Stiffnes, of the Joints and all similar diseases.

This wonderful remedy is composed entirely of vegetable ingredients. There are no injurious substances used in its manufacture.

For assurance of its excellent properties, read the following certificates:

BEDFORD, May 8, 1869.

I take great pleasure in giving my testimony to the value of "Middleton's Wonderful Pain Cure." I have been a martyr to Rheumatism. For two months previous to Feb. 25th, last, I was suffering intensely with pain so severe, that during all that time I had not one night of comfortable sleep. I could not put my hands to my face, could not comb my own hair, nor feed myself; but after having the Pain Cure applied once, I found relief enough to give me comfortable sleep, and with its steady use, I continued to get better, and now at the end of ten weeks from its first application, I have comparatively free use of my hands, sleep well and can attend to business. It has done me more good than all other medicines I have ever used put together, and I cheerfully give this certificate of its value.

ELI M. FISHER.

BEDFORD, April 14, 1869.

Mr. W. W. Middleton,

This is to certify that I was taken with Rheumatism, in my right shoulder, on the evening of the 8th inst., so that I was unable to raise my hand to my face. I got some of your Pain Cure and applied it twice, and was entirely relieved. I would recommend to every one who suffers with Rheumatism to give it a trial and be cured.

Yours &c., A. F. MILLER.

BEDFORD, May 17, 1869.

Mr. Middleton,

DEAR SIR:—I have used several bottles of your medicine in my family, and find it to be all you claim for it. Yours, truly,

JOHN HAFER.

BEDFORD, May 13, 1869.

This is to certify that I have used "Middleton's Pain Cure," for Rheumatism, and was very much benefited by it. JOHN HARRIS.

BEDFORD, May 18, 1869.

This is to certify that I have used Middleton's Liniment, for the Rheumatism which I had in my right shoulder so bad that I could not get my hand to my head without great pain, and after a few applications was entirely relieved.

L. F. DART.

BEDFORD, May 1, 1869.

Mr Middleton,

Dear Sir:—Mrs. Bowser was in much suffering for some four weeks with Rheumatism, and got some of your Pain Cure, and the first night I applied it it eased the pain; and after keeping on using it for two weeks, she was restored to health. I feel it to be my duty, as it is a pleasure, to write this recommendation for the benefit of others. JACOB BOWSER.

BEDFORD, May 16. 1869.

Mr W. W. Middleton:

Sir—I procured a bottle of your Liniment for Rheumatism, and it gives me great pleasure in saying that after using it for two days, my rheumatism was completely relieved. My sister was suffering, at the same time, with Inflamatory Rheumatism in her right hand and wrist—after using it for several days she was relieved. I consider it the best remedy I ever heard of.

JOHN KEEFE.

BEDFORD, May 24, 1869.

This is to certify that I have used one bottle of Middleton's Liniment, for Rheumatism, and think it a good cure, and would recommend it to all persons that are afflicted with the above disease.

AUGUSTUS CARVER.

BEDFORD, May 26, 1869.

Mr. Middleton:

Sir—I procured one bottle of your medicine and used one-half of it for Rheumatism, which effected a permanent cure up to this time. I cannot hesitate in saying that it is the best remedy I ever used. A. B. CARN.

This excellent PAIN CURE is prepared only by W. W. MIDDLETON, Bedford, Pa., to whom all orders for the medicine should be addressed.

BITTER CORDIAL.

This medical preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the great storehouse of nature, and selected with the utmost care. It is not recommended as a CURE ALL, but by its direct and salutary influence upon the Heart, Liver, Kidneys, Lungs, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases to which those organs are subject. It is a reliable Family Medicine, and can be taken by either infant or adult with the same beneficial results It is a certain, prompt and speedy remedy for DIARRHŒA, DYSENTERY, BOWEL COMPLAINT, DYSPEPSIA, LOWNESS OF SPIRITS, FAINTINGS, SICK-HEADACHE, &c. For Chills and Fevers of all kinds, it is far better and safer than quinine, without any of its pernicious effects. It creates an appetite, proves a powerful digester of food, and will counteract the effects of liquor in a few minutes,

AYER'S

HAIR VIGOR,

FOR THE RENOVATION OF THE HAIR.

THE GREAT DESIDERATUM OF THE AGE.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color and the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts longer on the hair, giving it a rich glossy lustre and a grateful perfume.

AYER'S CATHARTIC PILLS,

For all the purposes of a Laxative Medicine.

Perhaps no one Medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

For DYSPEPSIA or INDIGESTION, LISTLESSNESS, LANGUOR and LOSS of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For LIVER COMPLAINT and its various symptoms, BILLIOUS HEADACHE, SICK HEADACHE, JAUNDICE or Green SICKNESS, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For DYSENTERY or DIARRHŒA, but one mild dose is generally required.

For RHEUMATISM, GOUT, GRAVEL, PALPITATION OF THE HEART, PAIN IN THE SIDE, BACK and LOINS, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For DROPSY and DROPSICAL SWELLINGS they should be taken in large and frequent doses to produce the effect of a drastic purge.

For SUPPRESSION a large dose should be taken as it produces the desired effect by sympathy.

As a DINNER PILL, take one or two pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these PILLS makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

Our friends will find at Mr. Waters' store the very best assortment of Pianos, Melodeons and Organs to be found in the United States.—*Graham's Magazine.*

MUSICAL DOINGS,—Since Mr. Waters gave up publishing sheet music, he has devoted his whole capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a catalogue of his new instruments, giving a new scale of prices, which shows a marked reduction from former rates, and his Pianos have recently been awarded the First Premium at several Fairs. Many people of the present day, who are attracted, if not confused, with the flaming adeertisements of rival piano houses, probably overlook the modest manufacturer like Mr. Waters; but we happen to know that his instruments earned him a good reputation long before Expositions and "honors" connected therewith were ever thought of; indeed, we have one of Mr. Waters' Pianofortes now in our residence (where it has stood for many years,) of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet-toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on the same piano, and all pronounce it a superior and first-class instrument. Stronger endorsement we could not give.—*Home Journal.* jan15,'69.

AYER'S SARSAPARILLA,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this Sarsaparilla: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various Ulcerous affections of the muscular and nervous systems.

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhœa or Whites, Uterine Ulcerations, and Female Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Congestion or Inflammation of the Liver, and Jaundice, when arising, as they often do, from the rankling poisons in the blood. This SARSAPARILLA is a great restorer for the strength and vigor of the system. Those who are Languid and Listless, Despondent, Sleepless, and troubled with Nervous Apprehensions or Fears, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.
